

# Durable Labels that Last

## 642 White Gloss Plastic

**Description:** The economical hard white plastic is coated for both thermal transfer, flexographic and full color UV inkjet printing. It is perfect for—but certainly not limited to—semi-squeeze and rigid containers, irregular shapes and full wrap labeling. It's gloss surface offers attractive retail appeal to fit many food, health, beauty, household and chemical labeling requirements. This product is designed for indoor applications only.

Thanks to special corona and flame treatments, the aggressive, high-performance permanent adhesive has excellent wet-out on low surface energy polyethylene, polypropylene and styrene containers as well as glass, metal, paint, ABS and polycarbonate.

**Regulatory Compliance**

- FDA 21 CFR 175-105 for indirect food contact
- RoHS & REACH SVHC Candidate List dated December 19, 2012
- CONEG
- Phthalate & Lead Content

**Recommended Printing Ribbons:** T84/T85 and T68/T69 Resin ribbons

Also prints well with Jetrion UV full-color inkjet inks
